

Technol[®] 453

Year-Round Diesel Fuel Conditioner

Bulleled Highlights

- Eliminates fuel gelling and prevents ice
- Improves fuel combustion
- Increases available horsepower and torque
- Lowers exhaust emissions and soot output
- Increases Cetane up to 5 numbers
- Increases fuel lubricity up to 12½%
- Disperses and removes sludge
- Cleans tanks, lines, filters, combustion chambers, and valves
- Controls water, inhibits corrosion, and rust
- Stabilizes fuel, preventing further sludge deposits
- Reduces deposits and carbon build-up
- Lowers maintenance costs and downtime

Diesel Automobiles ▲ Diesel Boats ▲ Truck Fleets ▲ Diesel Generators
EPA-approved for On-road and Off-road use
